## **Local Designers Unite for Pop-Up Trunk Show and Fundraiser During National Breast Cancer Awareness Month**

*Three renowned Colorado-based designers are coming together for an extraordinary fashion event that marries style with a social cause.*

**DENVER — (Sept 27, 2023)** Clothing designer Brooks LTD, Chrissy Liu Jewelry, and milliner Miss Victoria Regina just announced an exclusive two-day only fashion trunk show to raise funds and awareness for breast cancer.

By uniting glamour and goodwill, this unique collaboration promises to showcase a collection of exquisite designs from each designer in an unforgettable historical setting. Each designer is bringing a special selection of her jewelry, hats and headwear, or ready-to-wear items; Brooks LTD, run by breast cancer-survivor Brooks Luby, has created one-of-a-kind wearable items specifically for the event.

Very nearly “couture for a cause,” a portion of the proceeds will be donated to Littleton-based nonprofit Hope Held by a Horse, an organization that emotionally supports women with breast cancer by providing healing horses for animal therapy so women can learn, grow, and heal.

Hosted at the Brooks LTD atelier, attendees can contribute to a meaningful cause while shopping, mingling, enjoying light refreshments and drinks, and potentially winning one of the handful of designer-provided door prizes.

**RSVPs can be made online at Eventbrite and Facebook.**

**Friday, October 13: 5-7 p.m.**

**Saturday, October 14, 2023, 11 a.m. - 4 p.m.**

**1301 Wazee Street Denver CO 80204**
